FREE! SELF DEFENSE CLASS

May 16th – 8am – 3pm

The Fox Chapel Area School District police department and the O'Hara Township police are, once again, sponsoring a free self-defense class for Fox Chapel Area High School students and their families, as well as all staff members. This particular upcoming class is for females and is a one-day session only. It will be held Saturday, May 16, from 8 a.m.-3 p.m. Participants should bring their own lunch. The session will be held in the Fox Chapel Area High School large group instruction (LGI) room. Participants should wear comfortable, athletic clothing that enables movement. Participants should also wear tennis shoes and no open-toed shoes. Everyone will receive a free self-defense book upon completion of the class. If you wish to attend, please contact Fox Chapel Area school resource officer Joshua Dietz at Joshua_Dietz@fcasd.edu. Please indicate the number of people who will be attending with you. Class size is limited. The class is part of the Rape Aggression Defense (R.A.D.) Systems of Self Defense. The program is composed of lecture, discussion, and self-defense techniques. The class will be taught by Fox Chapel Area School District police officers Joshua Dietz and Shannon Santucci, and John Lennon (O'Hara Township police). Officer Dietz has more than 10 years of experience leading this self-defense program. According to Officer Dietz, the program will review practical strategies that will teach participants to be situationally aware and techniques to empower them.

Shady.Hacks A free hackathon for middle and high School students Mat 2nd

Shady.Hacks, an all-inclusive educational computer science competition for school students at Shady Side Academy on Saturday, May 2nd. At the hackathon, students will have 8 hours to develop a project using any hardware/software of their choice (everything provided free of cost) and solve a solution to a major problem announced at the start of our hackathon. Over two years, they've awarded over \$5,000 in prizes, internships with Silicon Valley-based startups, and raised \$12,000 to support the event. This year's event will feature:

- Professionals and professors from Carnegie Mellon University, Amazon Web Services, and University of Pittsburgh to help assist participants with their projects through masterclasses and help stations
- 6 prizes with our third internship award at a start-up company
- 2 junior prizes for middle school students including keyboards, mouse, and headsets
- Free T-shirts, certificates, and lunch

shady.Hacks will be a great opportunity to hang out with friends and meet new people (students, professionals, professors) who are experienced in the field! More details, including the sign-up form, social media, schedules, etc., are available at
