QUEST Newsletter

IMPORTANT DATES:

- 9/1: Registration for the 9/28 SAT Boot Camp is open!
- 9/1: FLC meeting during QRT
- 9/1: Award for Aspirations in Programming submissions open
- 9/1: Submissions for Scholastic Art and Writing Awards open
- 9/4: Club renewal forms due
- 9/7: No school – Labor Day
- 9/10: Deadline for seniors to register for the in-school SAT (10/14).
- 9/10: National Honor Society Induction Ceremony, 5pm (rehearsal during super QRT)
- 9/10: Dual Enrollment Presentation for parents, 5pm, room 168
- 9/10: Open House, 6pm
- 9/11: Early dismissal, 1pm
- 9/10: New club forms due
- 9/14: Club Week begins
- 9/16: Math Honor Society meeting QRT – library classroom
- 9/21: No School – Fall Break
- 9/25: Career speakers during QRT
- 9/27: SAT Boot Camp in the LGI
- 9/30: Math Honor Society meeting QRT – library classroom
- 9/30: Westinghouse Honors Institute registration deadline
- 9/30: Deadline to apply to the Mark Cuban AI Camp
- 9/30: FBI Teen Academy

We hope your school year is off to a great start! The FCAHS Gifted Education (QUEST) Department is committed to providing you with resources and opportunities that will help you to stretch your learning beyond the classroom. QUEST stands for Quality Enrichment Studies. Available programs are presented via the QUEST Schoology updates and monthly newsletters. Students can also stop into the QUEST Student Center (room 168) during any period to touch base with Mrs. Gibson and Dr. Cowles and learn more about upcoming offerings. To view QUEST in Schoology, please add a new group, QUEST, with the access code: KZZ2-GTPD-XQR5W. Sample opportunities include academic competitions, career exploration, and curricular extensions. We do all we can to provide diverse outlets to further develop and showcase your talents and to grow academically!

Let's Talk About Dual Enrollment

• Open House Pre Session •

Thursday, September 10th at 6pm

Earning college credit while still in high school can be highly advantageous for many students. Community College of Allegheny County has a number of options to explore. Most courses offer the choice of in-person, virtual, or hybrid instruction. If you would like to learn more about how your child can earn college credits through CCAC while still in high school, please attend our open house pre session in the QUEST Student Center (room 168) at 6pm on Thursday, September 10. A representative of Dual Enrollment and the Director of the BNY Mellon Early College Grant Program will be on hand to answer all of your questions.

Get ready to take the SAT!

Sunday, September 27th @ FCAHS

Pre-registration is required! A registration form is available at the end of this newsletter or stop by the QUEST Student Center for one.

Did you volunteer over the summer?

If you have not yet submitted documentation of the 12 community service hours required for graduation, the forms are available in the QUEST Student Center! Hours completed over the summer months count. Get your documentation submitted sooner rather than later!

The QUEST Student Center (room 168) is **YOUR** space to study, unwind, get more information about upcoming opportunities, and meet with your gifted support facilitator. **Stop by for a visit soon!**

SAT®

School Day SAT will be administered to any interested **SENIOR** on October 14 (same day

as the PSAT for underclassmen). Registration form and payment is due in the school counseling office by September 3rd. Checks can be made payable to FCAHS. A registration form is included at the end of this newsletter.

Westinghouse Science Honors Institute

The Westinghouse Science Honors Institute is a free program for high school **juniors** from Western Pennsylvania and the surrounding communities who demonstrate a strong interest in science and engineering and who are of high scholastic standing. Westinghouse Science Honors Institute (WSHI) consists of 11 Saturday-morning lectures, from October through March, on selected topics in science and engineering. Students attend WSHI to gain insight into careers in engineering and science. They network with professionals in the "real world," and interact with students from different schools who also have the same abilities and interests. A wide variety of topics are presented in the lecture portion of each session, with presenters from: NASA Glenn Research Center; Robert Morris University: Lasers and Mechatronics; Penn State University: Astronomy and Astrophysics; Penn State University: Environmental Engineering, Creativity and Innovation; Penn State University: Breazeale Nuclear Reactor; Westinghouse Electric Company: Nuclear Power; University of Pittsburgh: Bioengineering; University of Pittsburgh: Physics and Astronomy; University of Pittsburgh and McGowan Institute for Regenerative Medicine; University of Pittsburgh Medical Center: Department of Surgery.

****Applicants should list Annette Sparrow as the FC point of contact on your application form.****

This program is for **JUNIORS**, but select **SENIORS** will be permitted if they were not able to participate last year.

For more information, please email
westinghousesciencehonorsinstitute@westinghouse.com
or visit

<https://westinghousenuclear.com/about/community-and-education/science-honors-institute/>

Seniors:

Apply by November 5th

[#RegeneronSTS](#) is the nation's oldest and most prestigious science research competition for high school students. Started in 1942 as the Westinghouse Science Talent Search, Regeneron STS recognizes and empowers our nation's most promising young scientists who are developing ideas that could solve society's most urgent challenges. Current 12th grade students can apply to Regeneron STS by November 5, 2026 at 8pm ET!

Join The Western Pennsylvania Math Circle and ARML Team

AMERICAN REGIONS MATHEMATICS LEAGUE

Carnegie Mellon University
Mellon College of Science

The Western PA Math Circle and ARML Team is a program for high school and middle school students interested in math and math competitions. At weekly practices, students learn math that isn't normally part of the high school curriculum, focusing on problem-solving techniques. At the end of the year, they travel to the ARML competition at Penn State University.

Practices are each Sunday during the school year from 11:00am-1:30pm on CMU's campus. Typically, participants spend the first half of practice working on a problem set for a particular topic and the second half discussing solutions to the problems. In the middle, there is break for food and Food for Thought (a puzzle of sorts).

The team is open to all Western PA 6th-12th graders who are excited about math and looking for a challenge! While there are no official entrance criteria for practice, a solid background in algebra and a basic background in geometry as a minimum. There is a practice test on their website that you can try. If you enjoy the questions and can get at least 3 points (according to the point values on the right) then you are in good shape to join the team.

For more information & to join the team, visit:

<https://programs.mcs.cmu.edu/arml/>

October 24, 2026

CMIMC

SATURDAY EVENT

TEAMS AND INDIVIDUAL COMPETITIONS

TEAMS & INDIVIDUALS COMPETING ARE REQUIRED TO:

- A TEAM CAPTAIN TO LEAD DURING THE EVENT.
- PROVIDE OWN TRANSPORTATION TO AND FROM THE EVENT.
- BE LIAISON BETWEEN CMIMC & TEAM.

Contact: Dr. Cowles | Lesley_Cowles@fcasd.edu

Fox Families Care Career Exploration Scholarship

Fox Families Care desires to see all students in our district thrive in their academic and vocational interests beyond the high school years. They recognize that many activities, conferences, classes, and programs help students explore different career paths and post-high school job opportunities. If you are a FCASD high school student and your family has been challenged by financial hardship, you are invited to apply for this scholarship that may be used toward career exploration/development opportunities. Scholarships may provide up to \$250 to be used toward program expenses, classes, conferences, tools or equipment, or other resources needed to explore potential career paths. Applications will be considered on a rolling basis throughout the year. See your school counselor for help accessing these funds.

Get involved in

something awesome!

Different clubs will be showcased daily during all lunches in the commons area.

FREE AI BOOTCAMP

Mark Cuban Foundation AI Bootcamp is a twenty-hour introduction to Artificial Intelligence for **high school students grades 9-12.**

Activities include

- AI and emerging technology instruction
- Applied ethics to various scenarios
- Mentorship from professionals in your community

APPLY NOW!

markcubanaifoundation.org/apply
Deadline: September 30th

To learn more about the AI Bootcamp Program, please visit: www.markcubanaifoundation.org

October 31st, November
7th and 14th

Spaces are limited! Students from low to moderate-income households, racial minorities, girls, and first-generation college students are encouraged to apply.

Kickstart your journey into creating with Artificial Intelligence!

Mu Alpha Theta

FC's Math Honor Society

Mu Alpha Theta is the national high school mathematics honor society. It provides a method for schools to recognize and encourage students who enjoy and excel in mathematics and rewards outstanding extracurricular achievement. Now is a great time to get involved in Math Club and Mu Alpha Theta. Interested students can reach out to Lesley_Cowles@fcasd.edu for more information.

Club Dues: \$10 per member (cash or check payable to FCASD)

Mu Alpha Theta Honor Society Requirements:

Joined as a freshman: 32 total events over your 4 years

Joined as a sophomore: 28 total events over your 3 years

Joined as a junior: 24 total events over your 2 years

Joined as a senior: 20 total events over your 1 year

This means that those who join later will have to complete more events per year to earn membership. There are more than enough events every year for anyone to easily earn membership. Exceptions may be made for those who were not FCAHS students for one or more years of high school. Honor Society is not a requirement for being in Math Club, it's just something you can pursue if you'd like.

Schoology Group

Please join if you haven't already. Use the code **4XVJ-V89C-57KPR**.

Award application opens 9/1!

The NCWIT Aspirations in Computing (AiC) High School Award honors 9th - 12th grade students in the AiC Community for their computing-related achievements and interests, and encourages them to pursue their passions. Award recipients are selected based on their aptitude and aspirations in technology and computing, as demonstrated by their computing experience, computing-related activities, leadership experience, persistence, and future plans. Since 2007, more than 25,000 students have received an AiC Award. Students in grades 9 through 12 involved in technology are welcome to join the free AiC Community and apply. Applicants who meet the eligibility requirements will be considered for both the National and Regional Affiliate Awards.

Application deadline: October 27th

Learn more and apply by visiting aspirations.org.

HARVARD UNIVERSITY

**Harvard University
Free Online Courses**

100+ Free Courses

Harvard University is offering high school students an opportunity to audit a variety of courses for free. The courses are self-paced and include a variety of topics, including:

- Intro to Game Development
- Web Programming with Python and JavaScript
- Introduction to Digital Humanities
- Modern Masterpieces of World Literature
- Introduction to Computer Programming
- Introduction to Programming with Scratch
- Systematic Approaches to Policy Design
- New Ideas for Nonprofit Leaders
- Global News & Technology Leadership
- High Dimensional Data Analysis
- Case Studies in Functional Genomics
- The Science of Corresponding with Busy People
- Global News and Technology Leadership
- Intro. to Artificial Intelligence with Python
- The Health Effects of Climate Change
- The Opioid Crisis in America
- Machine Learning for Leaders
- Resilient Leadership

...and much, much more!

Students have the option to audit the course for free or they can add a verified certificate from Harvard University for \$219.

**Visit <https://pll.harvard.edu/catalog/free>
to view the course offerings and register!**

Math Madness

100% Online, beginning as a joint initiative between American Mathematics Competitions (AMC) and AreteLabs, and entering its 14th season, **Math Madness** is a *team-based* math competition event held yearly in the United States. In 2026-27, approximately 1000 teams and 15,000 students from across the country will compete in one of our 3 **Math Madness** offerings: **Math Madness** (our main event held in the fall), **Mini-Madness** (just 5-6 weeks of friendly scrimmaging held mid-Feb through March), and the **Math Madness Re-Run** (full replay of the fall event held mid-Feb through April). All are offered at 3 levels: high school (9th-12th), middle school (6th-8th), and elementary school (3rd-5th). A team may consist of students from different grade levels within the defined grade span. A minimum of 5 students is required to play but there is no maximum team size.

Fall 2026 MATH MADNESS DETAILS

The **Math Madness** event is divided as follows into 1 practice round, 4 league/scrimmage rounds, and 6 bracket tournament rounds:

Sep 27 - Oct 3: Practice Round (Independent or Collaborative Play)

Oct 4 - Oct 10: Collaboration Round I **OFFICIAL SEASON COMMENCES!**

Oct 11 - Oct 17: Collaboration Round II

Oct 18 - Oct 24: Qualifying Round I (Independent Play) Data from the 2 Qualifying Rounds determine bracket assignments.

Oct 25 - Oct 31: Qualifying Round II (Independent Play) **LAST WEEK TO REGISTER!!!**

Nov 1 - Nov 7: Bracket Round I (Single Elimination Tournament Begins - ALL teams are assigned to one of a series of brackets)

Nov 8 - Nov 14: Bracket Round II

Nov 15 - Nov 21: Bracket Round III (Teams which lost in Bracket Round I can resume playing in informal, "Opt-in" matches)

Nov 22 - Nov 28: Thanksgiving week is OFF

Nov 29 - Dec 5: Bracket Round IV (Teams which lost in Bracket Round II can resume playing in informal, "Opt-in" matches, and so on)

Dec 6 - Dec 12: Bracket Round V

Dec 13 - Dec 19: Championship Round (This match can potentially be played the week prior if school schedule requires)

*** Teams are NOT required to play in all of the above rounds. Instead, they may opt in or out from week to week as they wish.**

Envisioning a Just Pittsburgh

Call for Art

Peace of Mind by Morgan Overton

Across Carnegie Museums, conversations about home are already unfolding through exhibitions, programs, and partnerships that consider belonging, memory, and return. This Call for Art extends that inquiry outward, centering community voices and lived experience across the region. This year, teen artists are invited to respond to Home as both a question and a practice.

They encourage new submissions that explore: *Pittsburgh as home.*

Is home another place, remembered or longed for?

Coming home to oneself, to one's body, or to one's history.

Is home a community, a language, or a feeling rather than a location? Immigration, refugee experiences, and the many ways people create home in Pittsburgh.

What does it mean to make Home in a place where you are told you don't belong?

Homemaking as Resistance.

Youth Arts (Grade 6th–8th and Grade 9th–12th):

All categories, including:

- Writing for the Page
- Visual Art
- Performance
- Video & Interdisciplinary

High School Winners – First Place: \$500 | Second Place: \$250

Middle School Winners – First Place: \$250 | Second Place: \$100

Submission deadline: November 1st

For more information & submission guidelines, visit:

<https://carnegiemuseums.org/envisioning-a-just-pittsburgh-4/>

GIEP Update:

Gifted Individualized Education Plan (GIEP) meetings are currently underway. They are scheduled based on anniversary date. Parents have the option of attending virtually or in-person. Students will be provided a pass to attend in-person.

CCAC's BNY Early College Program provides a structured approach to dual enrollment, which enables teenagers to take college-level classes while they're in high school.

This program enables high schoolers in Allegheny County to study one of three professional tracks: accounting, business or computer information technology. Students may take just a few classes—or complete an entire college certificate. These certificates provide an excellent foundation for students to either continue their education or join the workforce directly.

The BNY Early College Program is completely free to eligible students in Allegheny County! All tuition, fees and books are funded by a generous grant from the BNY Foundation of Southwestern Pennsylvania.

WHO IS ELIGIBLE?

The BNY Early College Program is open to high schoolers in 11th and 12th grade (or the home-school equivalent) who reside in Allegheny County.

Ninth and 10th graders or students who are under 16 years old may participate in the BNY Early College Program if they provide a written letter of recommendation from a teacher or a school counselor. These students will need to take and pass all three CCAC placement tests, regardless of the course(s) they want to enroll in. This will be reviewed by a committee of CCAC representatives, who will recommend an admission decision.

This program includes:

- **FREE Tuition/Books/Course Materials**
- **Academic Support Services**
- **Student Rewards for Course Completion**
 - \$200 per "A" grade
 - \$150 per "B" grade
 - \$100 per "C" grade

YES! IT IS REALLY FREE!

The BNY Early College Program is completely free to eligible high school students in Allegheny County! In 2020, BNY announced a \$20 million multiyear commitment in support of vital educational and workforce development programming. CCAC was one of two institutions selected to receive this targeted funding, which enabled the college to establish the BNY Early College Program. The program is available to all schools and school districts in Allegheny County to help expand access to college and career readiness for those who may or may not have the resources to do so on their own.

There are 4 Certificate programs from which to choose:

- **Accounting** (Accounting Certificate)
- **Business** (Business Supervision and Leadership Certificate)
- **Computer Information Technology** (Network Support Specialist or Software Development Certificate)

Learn more about each certificate's subject and course requirements by visiting:

<https://www.ccac.edu/admissions/early-college-program.php>

Questions can be directed to:

Explore, Experience, Excel: Your Club Week Begins 9/14

Ready to make the most of this school year? Club Week is your chance! Joining a school club is one of the best ways to get involved and leave your mark on our school community. Whether you want to explore a new interest or dive deeper into a lifelong passion, there is a place for you here.

When you join a club, you will:

Connect & Network: Meet new friends who share your interests and passions.

Showcase Your Talents: Put your skills, creativity, and unique strengths into action.

Grow as a Leader: Take on new responsibilities, collaborate on projects, and build key leadership capabilities.

Stand Out to Colleges: Build an authentic, well-rounded resume that demonstrates commitment and initiative for future college applications.

Take a look at the comprehensive list below to explore the diverse range of clubs active in our high school. Don't be afraid to step outside your comfort zone and attend a few informational meetings. You might just find your new favorite community!

Art Club	LIGHT Club
Asian Cultural Club	Madrigal Singers
Astro Club	Marching Band
Baking Club	Math Club/Mu Alpha Theta
Badminton Club	Miniatures Club
Black Student Union	Mock Trial Club
Book Club	Model United Nations
Bookworm Buddies	Music Production Club
Breakfast Club	Muslim Student Association
Busking Club	National Art Honor Society

My signature confirms that my child has permission to participate in all activities on the specified dates. Permission is also granted to share this information with appropriate academy personnel.

Parent Signature: _____ Date: _____

Cell Phone #: _____ Work Phone #: _____

Cancellation policy:

We understand situations arise when you may need to cancel your reservation. To do so, we request you notify us at least 24 hours in advance. This allows us to offer your slot to another student on the waiting list. Cancellations or rescheduling requests made less than 24 hours before the event may be subject to a cancellation fee of 30%. No-shows without prior notification will incur 50% of registration fee. In case of emergencies or unforeseen circumstances, please contact us directly to discuss your situation. We may be able to waive the cancellation fee at our discretion.
